DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the last paragraph of claim 1 the function performed by the “second sum and product arithmetic unit” fails to be clearly recited making the claim indefinite. Also in claim 1, line 14, the phrase “each output” lacks clear antecedent basis. Claim 2 contains deficiencies similar to claim 1. Claim 3 is the recitation of function without the recitation of the structure that is necessary to perform the function. The last four lines of claim 6 are indefinite, i.e. to what disclosed subject matter do these four lines refer?

Allowable Subject Matter

2. Claims 1-6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
